

Sermon Series

I love stone. I love how solid it is. Buildings made of stone are clearly meant to endure. But if archaeology (and the recent earthquake in Haiti) have taught us anything, it is that there is no stone in the world that is impervious to breaking. Well, no stone except One. Wanna see it? Well, the only place to find it is in a vineyard in a Parallel World. Come Sunday to find out where!

2010 Church Budget

This last Sunday, BCC's 2010 budget was distributed during our Sunday morning services. If you were not able to be with us, you can download a copy of the budget by going to www.broadwaycc.org/2010budget, or by calling the church office.

Our total budget for 2010 for our general fund, faith promise missions and building funds comes to \$930,900. In order to meet that budget, we need to average \$17,902 in our weekly offerings. Thanks so much to so many who continue to give so sacrificially. Your gifts make it possible for all of us to carry out our mission of Bringing others to Christ, Communicating God's truth, and Caring for people.

Our goal is to put \$60,000 back in savings this year to use for future building expansion. We currently have just under \$160,831 in savings for future building. If you have questions about the budget, please contact Greg or one of the elders.

Help for Haiti

Thanks so much to everyone who gave so sacrificially this last Sunday to help relieve the suffering that is being experienced by those in Haiti following the earthquake. A total of \$10,530 was given. Many are saying that the suffering is some of the worst that they have ever seen following a disaster.

The funds are being sent to International Disaster Emergency Services, who will distribute the money to churches and missions in Haiti to use for disaster relief. You can get updates about what IDES is doing in Haiti, as well as other parts of the world, at www.ides.org.

It's not too late to give to help those in Haiti. Checks may be made out to BCC and designated for Haiti relief.
